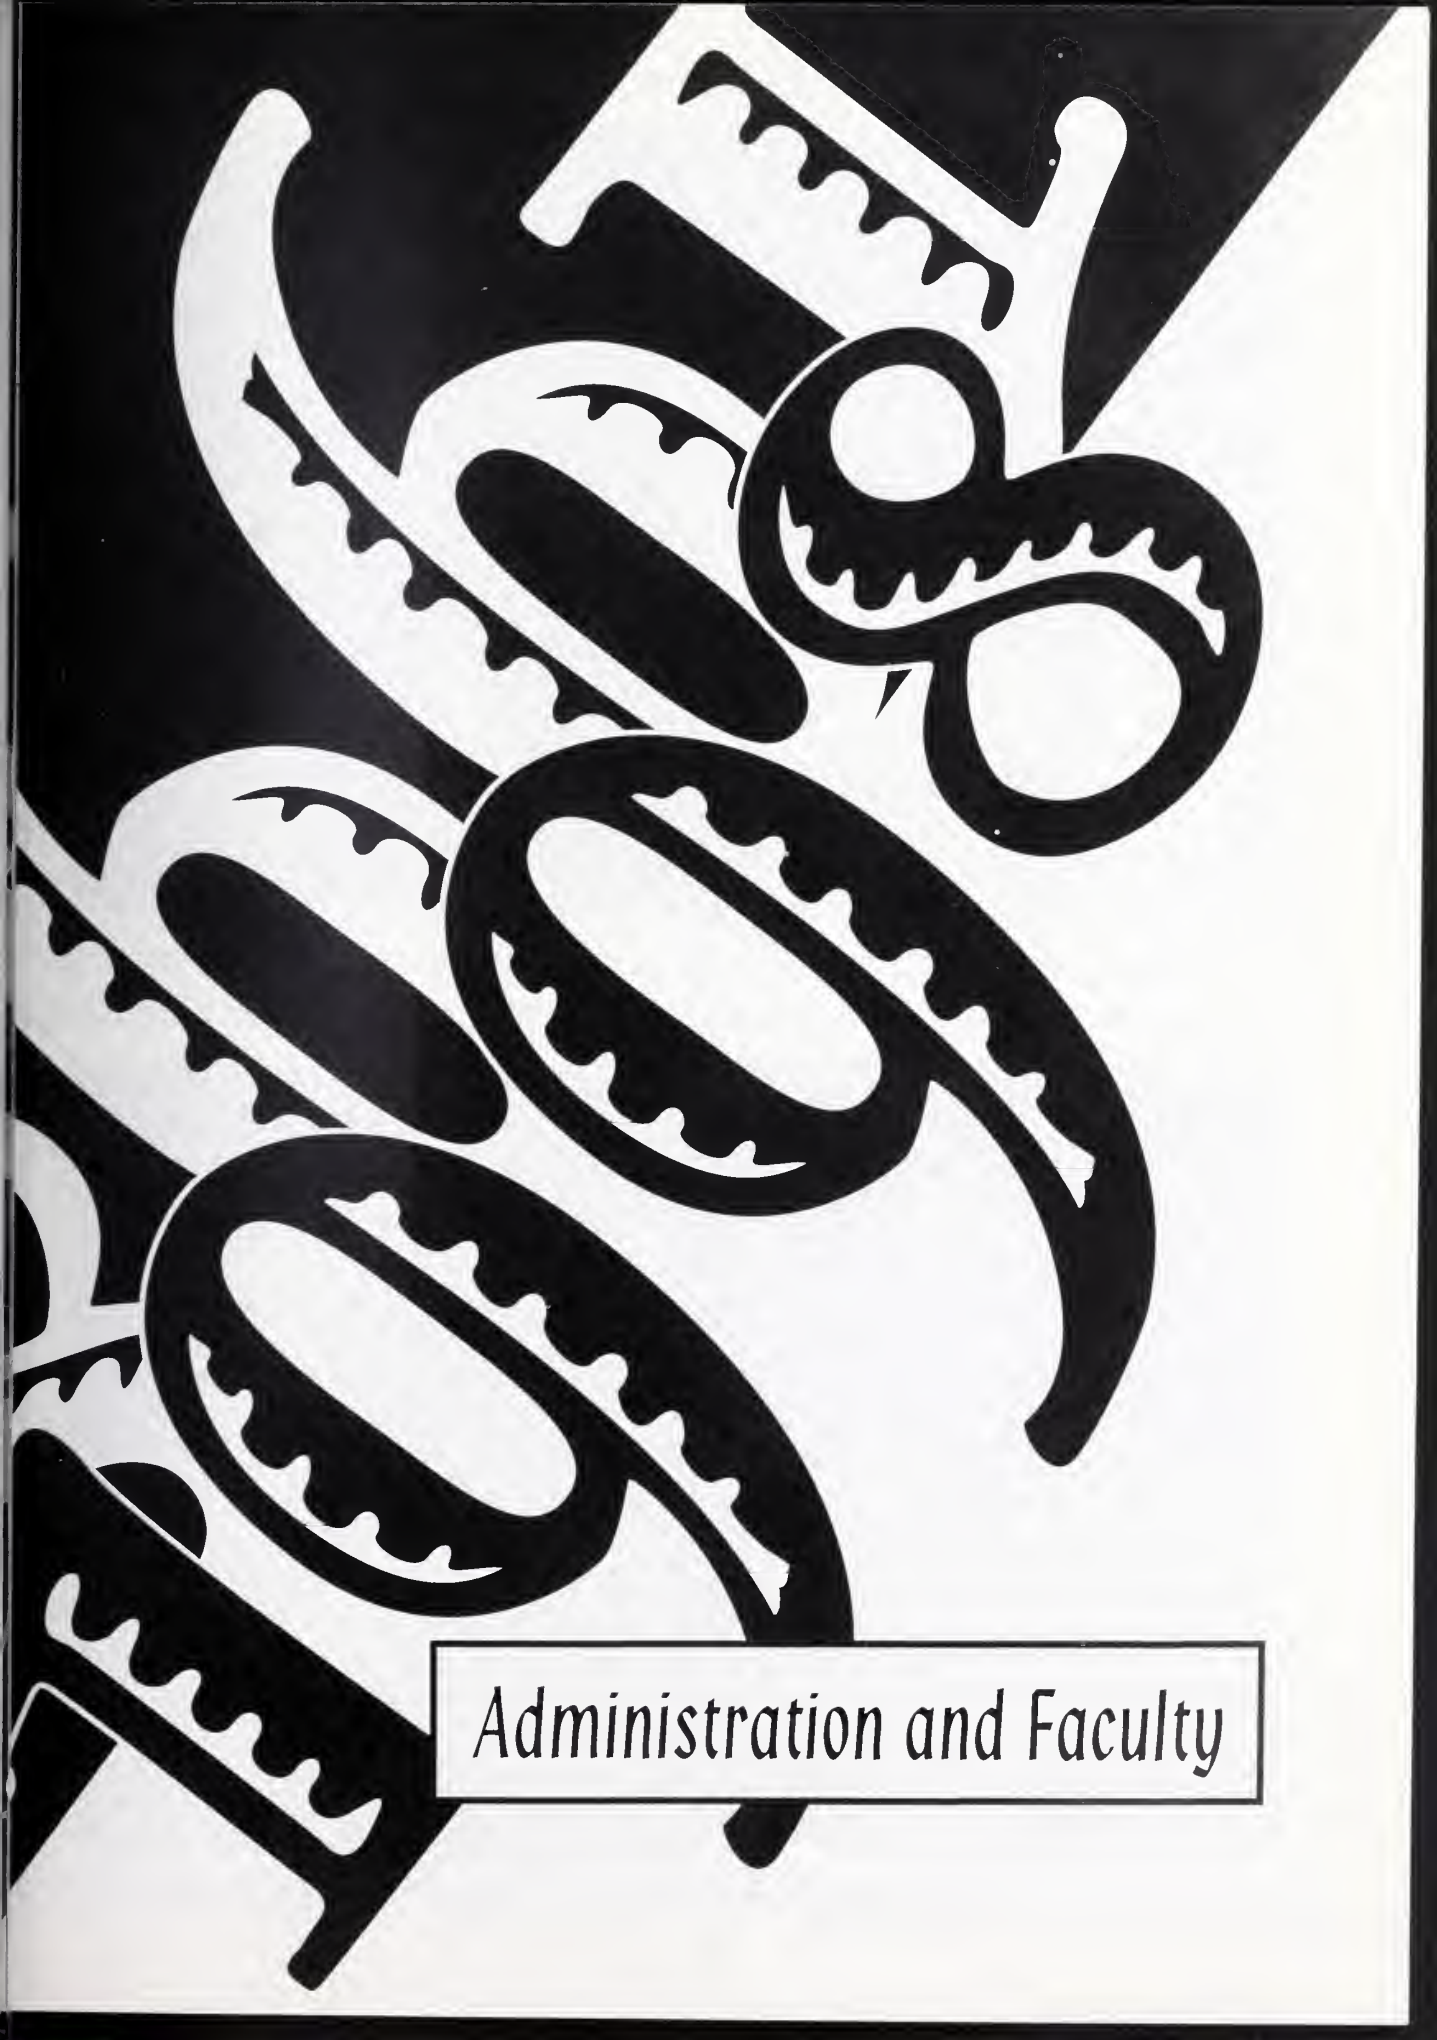
DARE TO SOAR

"We must have the courage to bet on our dreams, to take the calculated risk and leave behind forever the internal forces that hold us down." Byrd Baggett

THANK YOU!

This page is dedicated to Ms. Mali Lim our World Language teacher. We the graduating class of '98 feel she is the best teacher we have had for world language out of the previous four teachers who taught us. Ms. Lim is not only our teacher, but she volunteers her time and resources to provide us with an after school activity called the International Club. Without you and your dedication to the students we would not have increased over awareness of other cultures.

Thank you from the graduating class of '98 for all that you do. We wish you future success here at the Berkley Community School.

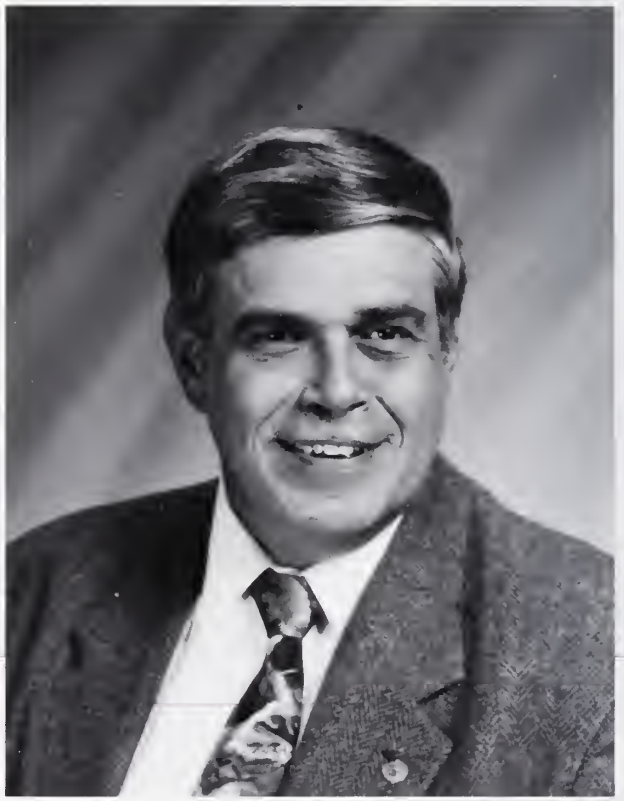


Administration and Faculty

SCHOOL SUPERINTENDENT

Congratulations, Class of 1998. I am proud of your accomplishments and achievements. I hope your memories of your time here are fond and your future successes are many. Enter high school ready to learn. Enjoy the next four years. At the same time, set high goals and work hard to achieve them. Best wishes.

Robert G. James, Ed.D



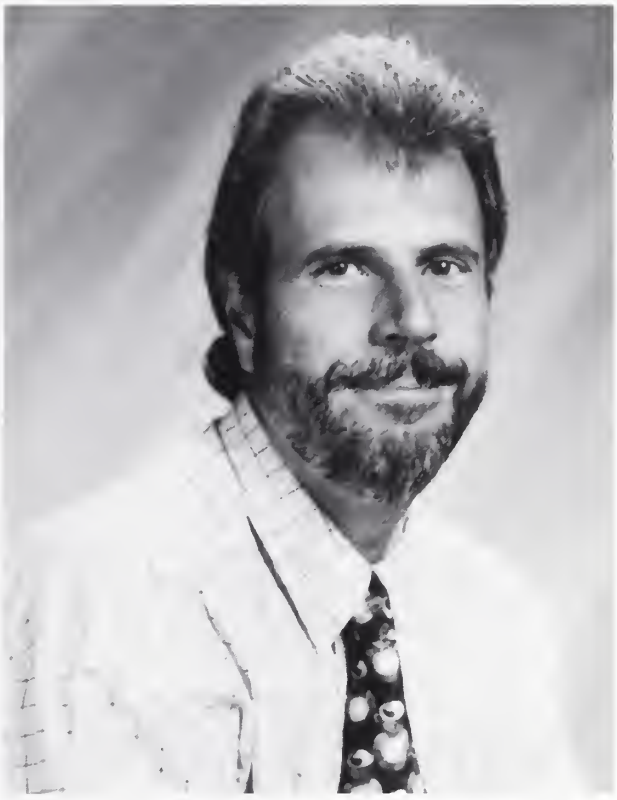
SCHOOL PRINCIPAL

Congratulations to the Class of 1998 upon your graduation from Berkley Community School. I am sure that your future schooling will bring many new ideas, programs and problems, all of which will combine to present you with numerous challenges and opportunities. I am doubly sure that your education here has prepared you well to face them. Best wishes for success.

Sherry A. Medeiros

ASSISTANT PRINCIPAL

To the Class of 1998: Your years have gone by so quickly. Take time to pause and reflect about your thoughts and relationships to one another. Do not allow the pressures of your daily lives to threaten you. Look within yourselves and discover the source of strength that will allow you to carry on and succeed. Think about your purpose in the future and then persevere as you always have, with strength and vitality.
Best Wishes!
John Costa



DIRECTOR OF STUDENT SERVICES

Best wishes to the Class of 1998! I urge each one of you to get involved in all high school has to offer — challenging academic programs, sports, clubs and social events. You have a great foundation. Continue to develop new skills, new friendships and a positive attitude for success.

STUDENT COUNCIL

On behalf of the graduating class, I would sincerely like to thank all the teachers that have helped make our years at Berkley Community School so memorable. You have taught us not only academics, but also many other important lessons that we will not soon forget. Thank you, also, to all the parents who have spent their time and energy helping to make this year one of our greatest.

To the Class of 1998: I feel honored to have been able to do what I could for you and thank you also for all the wonderful times. As we go on to high school and then to adulthood, we will go our separate ways. But no matter what happens, we will always have our early years here and our memories in common. Thanks again, everyone, and good luck to all in the future.

CARDIO-PULMONARY RESUSITATION

All 8th grade students had the opportunity to be certified in the administering of CPR. This program has been made available through the Berkley Fire Department, under the direction of Mr. Robert Milne and Mrs. Marybeth Crowninshield.

SPIRIT DAY

Our annual Spirit Day is held every May. Students in grades 6, 7 and 8 compete in several events: school colors, crazy costumes and class cheer. The grade accumulating the highest total points wins the honor of having their class year placed on the school trophy. The trophy is placed on display in the school trophy cabinet for all to see until the next Spirit Day. This is one day that is looked forward to by everyone.

LIP SYNC CONTEST/TALENT SHOW

Each year, students in grades 6 through 8 have the opportunity to participate in the B.C.S. talent show. Many of the same students when in grades 3 through 5 also took part in the lip sync contest. Both programs are consistently met with great enthusiasm by the parents and great participation by the students."DARE TO SOAR"

THE SIXTIES/HALLOWEEN DANCE

A spirit week is held annually. Each day has a different theme ranging from the sixties, twins day, favorite sports team day etc . . . Not only do students partake, but many staff members join in the festivities as well. Dances sponsored through student council and eighth grade parents are also held. Pictured is the Halloween Dance.

CIVIL WAR COMES TO BERKLEY

A union soldier in full uniform visits the eighth grade.

Students were allowed to actually handle and dress the style of the 1860's.

David Jennings uses his Civil War equipment to explain the "American Concept". He does not glorify battle but rather is about the hardships endured and the horror of combat.

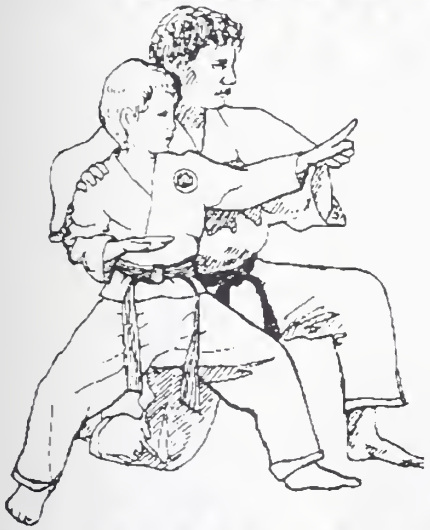
WHY KIDS LOVE LEARNING MARTIAL ARTS



Maybe it's because there are no bench-warmers in our classes--every child participates in every activity--nobody's left out. Maybe it's because they meet new friends who share a common interest. Maybe it's because they're setting goals and working to reach them, and that makes them feel good about themselves. Or perhaps it's the personal attention of our instructors who are specialists in keeping kids interested, engaged, and having fun.

Parents love having their kids in our classes for different reasons. They love seeing their kids learn self-discipline, respect towards others, and how to defend themselves in any situation.

Call or stop by our school today and find out why millions of kids across the country are having fun while learning martial arts.
